

16TH ANNUAL SEAoNY EDUCATION FOUNDATION GOLF OUTING

**PLEASE
NOTE:**
Start
times have
changed!

Monday, June 14, 2021

MAHOPAC GOLF CLUB

Situated on the majestic, rolling countryside of New York's southern Putnam County, Mahopac Golf Club is among the oldest clubs in the US. The course, which features well bunkered greens, is considered by many to be one of the area's most beautiful and most challenging.

For directions to Mahopac Golf Club please visit www.mahopacgolfclub.com.

COVID-19

Last year's reduced-capacity outing took into account all required COVID-19 restrictions and was attended by approximately 60 golfers. The Mahopac Golf Club has since built a new outdoor deck that can accommodate the entire outing for lunch and dinner outside. We intend to have a full golf outing this year (120 golfers) while complying with all CDC guidelines for large events.

- Gift certificates to Pro Shop for each member of the foursome

THE EDUCATION FOUNDATION GOLF OUTING

Support a great cause while improving your handicap, getting some sun, and mingling with colleagues! Join us for a day on the links in support of the SEAoNY Education Foundation.

Proceeds from the golf outing provide scholarships for students who are chosen by that year's Honorary SEAoNY Member. This past year, scholarships were awarded to Luke Withy from Rensselaer Polytechnic Institute and Tasnia Hossian from CUNY City Tech.

The Education Foundation also provides scholarships to high school seniors from the Urban Assembly School for Design and Construction to support them as they go on to represent our industry and become leaders in promoting our profession. Last year's scholarship winners were Gabriela Juarez, Kadijah Ayling, and Erik Cumbe.

OUR MISSION

We started this event 15 years ago with a goal of encouraging young people to enter our profession by supporting area college and university students studying structural engineering. Since then, we have been able to expand our goals thanks to your generosity. We also award scholarships to graduating high school students from the Urban Assembly School for Design and Construction and support the Center for Architecture Foundation. We have distributed over \$230,000 to these great causes so far.

With greater demands on our aging infrastructure, the need for bright young structural engineers is more critical than ever. Please join us in helping students and supporting the field of engineering all while having a great time!

The SEAoNY Education Foundation is a 501(c)(3) non-profit organization.
